

# NEW PRODUCT INFORMATION

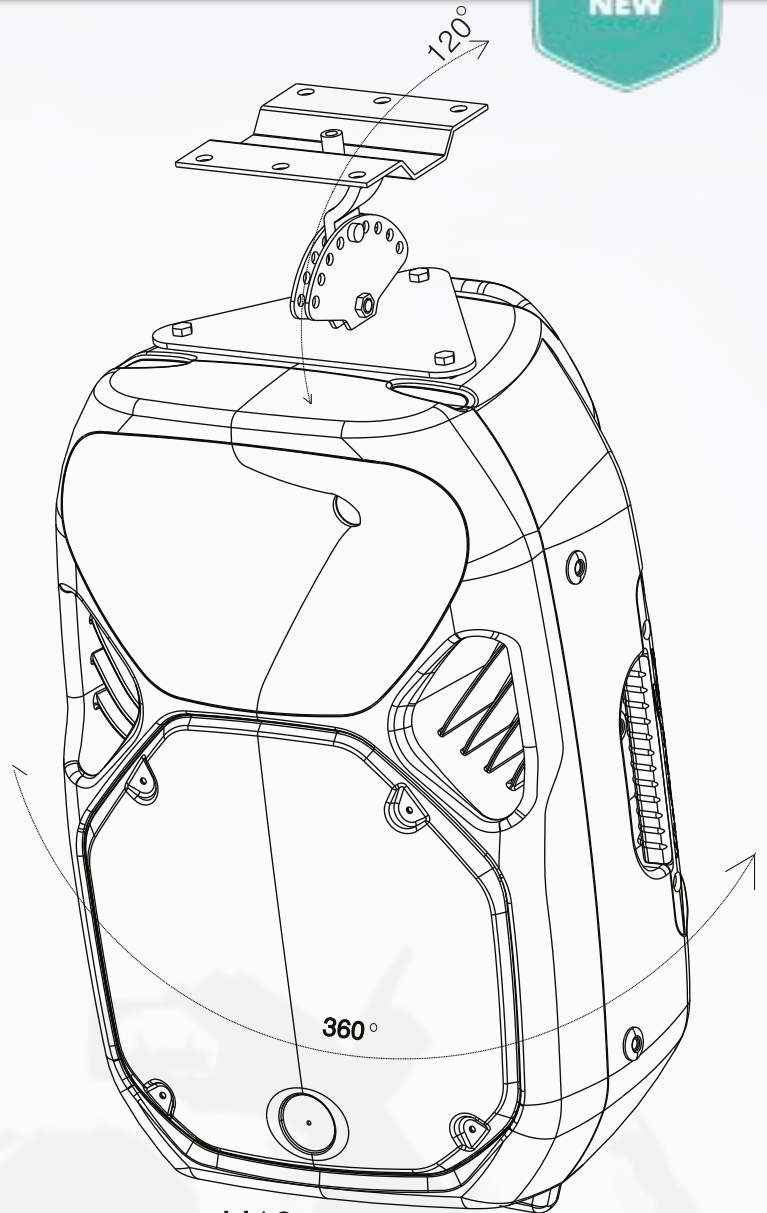

## WPB-6

### Tidy-up for Titan-12's

Titan 12, Titan 12D, Titan-AX12, Titan-X12 and Titan-12Z are used in installations around the world. From bars and cafes through to sports halls and dance clubs, 12" Titans have become a reliable favourite for installers.

To make life easier for installers, Wharfedale Pro introduce the WPB-6, an all-steel wall top mounting bracket for all 12" models of Titan.

Using the 3 top rigging points, this bracket has 360° rotation and 120° angle adjustment. It has never been so quick and straightforward to install a Titan.

### WHAT MAKES IT GREAT?

- All steel construction
- Works with all 12" Titan models
- Quick and easy for installers
- 360° rotation and 120° of angle
